CARA MCKINNON CRAWFORD

Cara Mckinnon Crawford is one of Scotland's most established artists. Her oil paintings depict some of the country's most iconic land and seascape from Dunnet Head in Caithness to the stunning scenery of the West Coast, including Skye and many other Scottish Islands.

This collection of unique oil paintings also includes scenes from Europe and some of the animals Cara has encountered on her travels.

These Fine Art gift cards are examples of a wide range from Car's original paintings.

Her work features in collections throughout the UK and internationally, including the Scottish Parliament.

“I paint because of the sheer pleasure and excitement of being able to express how and what I feel about the visual world around me.”
